

HAPPY HUNTING!

1,667 SQUARES OF RG3D® DATA - EAST TEXAS & WEST LOUISIANA

Empower your E&P decisions with more than 1,667 square miles of East Texas and North Louisiana Multi Client data. Our Reservoir Grade 3D (RG3D®) data is ready, and waiting to answer your questions, mitigate your risks and enhance your performance where it matters most.

Acquired by our experienced field crews, using high definition recording equipment, our data sets are designed and processed to deliver exceptional imaging and attribute information for more accurate basin analysis of the region's unique structures. It's better data, better processing, better value.

Global delivers data, products and services that enable high resolution insight into subsurface structure, faults, fractures, rock properties, and reservoir dynamics.
